The only 1958 car that offers more of everything you want... yet is priced lower than in '57

Here's great news! While prices of 1958 cars of other manufacturers are up, the price of Ford's exciting new Custom 300 Series is down. A brand-new 58 Ford Custom 300 with all of its exciting new styling and engineering advances is priced lower than a '57 model, similarly equipped!

World approved styling. A Custom 300 brings you styling that is dramatically new. With its Honeycombed grille, Slitstream roof, Deep Sculptured rear deck, and Safety-Twin headlights and taillights, Ford styling drew admiring glances from Paris to Saigon... yet it's yours now in any 58 Ford Custom 300 without extra cost!

New handling ease. Slide behind the wheel of a Custom 300 and you'll soon discover just how much fun driving can be. Notice how smoothly it handles. That's Ford's new feather-touch Magic-Circle steering, the next best thing to power steering.

New riding comfort. Notice, too, the solid comfort of your ride. That's Ford's easier acting front and rear suspension. They soak up the bumps before they reach you.

Thrifty, new engines. You have a wonderful choice of new, more efficient power plants... designed for real gas-saving economy plus greater performance. Six or V8, they give you more power, smoother power, from less gas!

Priced as much as \$50 lower. A comparison of manufacturer's suggested retail delivered prices shows that a 58 Ford Custom 300 is priced as much as \$50 less than the same model for '57! You'll wonder how Ford can offer so many of the things you want in a car priced so low. One big reason: Ford gives you more real cash for less money because Ford sells more. See and drive a Custom 300 and we believe you'll agree that these Fords give you more real cash for less money than any other car on the American road today.

CHRISTMAS AND OLD SANTA ARE ON MERRY WAY

Signs of approaching Christmas are increasing in Elba. Vari-colored Christmas lights have been strung about the Court House Square.

The traffic of shoppers is increasing in the stores, and at the Post Office, while various Christmas events and programs are planned this week and next.

Sponsored by the Elba Fire Department, Santa Claus will arrive at the Elba airport Saturday afternoon, Dec. 14, at 7:30 p.m. at the Elba High School auditorium under the direction of Robert Hall.

Admission will be 25c and 50c with proceeds to be used for the benefit of the band.

Christmas Pageant.

The annual White Christmas program will be presented Sunday, December 15, at 7 p.m. at the Elba Methodist Church with a pageant entitled "The Littlest Angel" under the direction of Mrs. Luanar Rainer, Jr., and the church choir.

Services at the Elba Baptist Church have been canceled Sunday evening to permit members to attend the Methodist church services at the Methodist Church will be canceled to permit members to attend the Baptist White Christmas program.

Mail Is Late

Postmaster Robert Coper said yesterday that Christmas mail is later this year than last and again appealed to the public to help themselves while they help Post Office personnel if they avoid a last minute rush.

Gift parcels for distant points should be sent now by Air Parcel Post, wrapped and tied securely, with the name and address printed plainly with an extra address label inside the parcel, Mr. Coper said.

Christmas cards may be sent for 2c if unsealed and there is no writing inside, Mr. Coper said. However, first class mail or 3c stamps, will give better service because then they may be forwarded, returned to the sender if undeliverable, and they may also contain a written message. If any card envelopes are larger than 6 x 12 ins. or smaller than 3 1/2 x 4 1/2 ins. they can be sent only First Class because they require hand canceling.

Plans For Week

Letter drop-ins at the Post Office will be separated into "Out of Town" and "Local" beginning tomorrow, Dec. 13. After office hours, cards tied in bundles may be deposited in the large collection box in the lobby.

Beginning Monday, Dec. 16, through Dec. 22, one window at the Post Office will be open until 6 p.m. for all services except money orders.

Mr. Coper has asked the cooperation of all business firms to postpone the mailing of circulars and catalogs until after Christmas to keep the mails clear for the Christmas rush.

"You can do both yourself and the Post Office a real favor by securing free labels at the Post Office which read: ALL FOR OUT OF TOWN DELIVERY," Mr. Coper said. "Place these on bundles of cards for local addresses, and for out-of-town."

BOY AGED 6 IS SLIGHTLY HURT ON TROY ROAD

A six-year old boy was slightly hurt when he dashed in front of an oncoming automobile on Troy Highway about one and a half miles north of Elba Tuesday about 3:30 p.m.

He was Jack Langley Hudson, son of Mr. and Mrs. Foy Hudson, who was hit by an automobile driven by Wm. Powell Bridges, of Athens, Ga., according to investigation by Highway Patrolman E. C. Fordman and Police Chief A. C. Dunaway.

Fortunately the driver of the car saw the child in time to apply the brakes and had almost come to a stop when the car hit him though it hauled him into a puddle of water. An ambulance rushed to the examination revealed no injuries beyond multiple abrasions. However, on advice of Dr. Kimney, he was taken to Edge's Hospital in Troy for observation.

Little Jack was on his way from a store to his home, a short distance away to see a cousin and his mother and had stopped beside the road to allow a car driven by Mrs. Lamar Vaughan, of Elba, to pass. Apparently not seeing the oncoming car, he started to dash across the road and ran into the path of Bridges' car, according to investigation.

Christmas Carols were sung by a group of carolers, among which the whole group joined in the singing of Christmas songs led by the song leader.

Following the meeting, refreshments were served in the Home Economics Department by the Publicity Committee.

COTTON QUOTAS ARE APPROVED BY WIDE EDGE

Coffee County cotton growers voted almost unanimously Tuesday to accept marketing quotas on their 1958 crops and in so doing approved a continuation of the present program of price supports through government loans.

The vote in Coffee County was 602 to 37 on the basis of incomplete returns, and was in keeping with the vote throughout the state where incomplete returns showed 27,731 for the quotas and 2,237 against.

BOY AGED 6 IS SLIGHTLY HURT ON TROY ROAD

A six-year old boy was slightly hurt when he dashed in front of an oncoming automobile on Troy Highway about one and a half miles north of Elba Tuesday about 3:30 p.m.

He was Jack Langley Hudson, son of Mr. and Mrs. Foy Hudson, who was hit by an automobile driven by Wm. Powell Bridges, of Athens, Ga., according to investigation by Highway Patrolman E. C. Fordman and Police Chief A. C. Dunaway.

Fortunately the driver of the car saw the child in time to apply the brakes and had almost come to

Through the Keyhole

BY MRS. ROBERT CANNON

THE NEWS this week did not seem very cheerful to us, what with so many of our citizens under the care of physicians across the state.

Mrs. Alma Morrow went to St. Margaret's Hospital in Montgomery the first of last week. Jake Lubert, Sammie and Mrs. Blue were there during her operation. And at the time this was written, we were unable to get in touch with any of the family to learn of Alma's progress. Surely hope she is doing fine.

Also hospitalized, but in Outpatient, is Mr. John Mack Stokes. It was wonderful to learn from Carolyn Stokes that the father-in-law was coming along nicely and in his usual cheerful mood.

Had heard that Paul H. Hays was at the Phoebe Memorial Hospital undergoing treatment in Albany, Ga., and called

Pencey Collier to find out how he was progressing. Seems that all Paul's friends had established a telephone "round robin" and were in touch with the hospital twice a day.

Many had told them that Paul was feeling much better, but as of Sunday, had still not been allowed out of bed. Know that Mary has appreciated being near her family at this trying time. And we're looking forward to their coming home.

ANOTHER TRIP to the doctors but this one was more pleasant. Gayle and Louise Stephens Jr. found a beautiful baby boy at the Johnny Kimmy Memorial Clinic on December 5th. And appropriately enough, they have named him John Kimmy Stephens. Gayle is as effervescent as ever and Louise says the little newcomer looks "just like David."

NEW HOUSES always intrigue us and we seem to have a veritable bouquet of them now. Edna and Jack Brunson are "commuters" now, since they moved into their lovely new home in Brookdale. Know they are enjoying all the luxuries of a new house, as their home in the last word in convenience.

Hears that the Wyeth Brungs are ready to move into their new home on the Brantley road. And how anxious we are to see it! It looks lovely from the road and were looking forward to a visit.

And what a magnificent house the Vanderlie Wrights are building on the Enterprise highway. We always slow down the car for a glimpse in passing and I do believe the Wrights have thought of everything in their planning.

WITH THE PLEASANT, the not so pleasant, and it was distressing news to us to hear that Marjorie and Frank Ranker Jr. will be moving to Montgomery the first of the year. While we are happy for Frank, he has been given in joining such a well known insurance firm, we quite selfishly don't want the Rankers to leave Elba.

Marjorie and Frank were our neighbors when we first moved to Elba and have been our friends ever since. I know the story of Alabama's having a top notch football team will be not half so sweet to Bob if Frank is not here to be teased over the fact!

SATURDAY AND TUESDAY Saturday is the most dangerous day of the week for motorists, according to the National Safety Council. Tuesday being the safest day.

4-H NEWS Round-up

BY TOM CASADAY • ASSISTANT COUNTY AGENT

"Home Beautification" is the title of the demonstration being given in this month's series of 4-H club meetings. Boys and girls are meeting together and Home Agent Maudie Davis is doing a great job and presenting the facts in a very interesting way. One very appealing thing about home beautification is that so much can be done to improve the appearance of homes with little or no out-of-pocket cash. Parents of 4-H club members will also like this when some of the girls and boys decide to take home beautification as part of their project work. This week the demonstrations are being given at Goodman, Curtis, Pine Level, Kinston, and Flatway. And next week clubs at Newlin, R.

lin, and Mt. Pleasant will learn a lot about home beautification.

4-H Officers

Last Wednesday at New Hope we were blessed with the ability of both the Junior and Senior officers in charge of the Junior club president, Mary Ann Allen, and the Senior club president, Mary Ann Allen.

Other officers are Janet Williams, secretary; Adda Williams, and Ann Wise, vice president; and Elaine Thwaitt, treasurer.

SOIL CONSERVATION NEWS

By T. C. Self & Joe Wildman

Drainage ditches were recently completed and certified on the farms of C. C. Rhodes and John Taylor.

The purpose of these drainage ditches is to remove excess surface and subsurface water from the surrounding area. This lowland, formerly too wet for any use, is now being utilized as pasture land.

It is capable of growing large quantities of tender grass and white clover during normally dry months.

ACP assistance is available on such projects if designed and constructed according to Soil specifications.

Pine Trees

One hundred 4-H club members will receive 100 pine trees each just before the Christmas holidays begin. These boys will have something to do while they eagerly await the arrival of Santa Claus, boys who are to get pine in the Damascus club are Tony Davis, Ronnie Sanford, Marion Holloway, and Jimmy Hattaway.

Light and Jimmy Holey, Buddy Williams, Douglas Miles and Earl Bowdler.

New Hope youngsters are Jerry Grooms, Randall Killingsworth, Franky Ohnston, Kenneth Sanders, Larry Lewis and Earl Whitehead.

The 10,000 seedlings are to be donated by the International Paper Company through Jim Owens, company representative in Elba.

A motorist is injured every 23 seconds, the National Safety Council estimates. One person is the victim of a motor vehicle accident every 13 minutes, to 55 mph and your chances of being killed if a crash comes drop to one in 40.

By becoming a cooperarator with the local Soil Conservation District, you are eligible for the services provided by them.

Quail usually raise their young and range within a short distance of a plentiful supply of food. Those of us interested in increasing the quail population on our farms should give some thought to providing food and cover for quail.

Legume bicolour is one of the better known plants that provides berries and cover for quail.

Bicolor plantings should be in one-eighth acre plots. One acre of 40 acres of land is sufficient to winter 1 covey of quail. These plots should be about 400 feet in length. Around the edge of fields on woods is a good place for these plots. These borders of bicolor provide turn areas for farm machinery and helps prevent soil erosion.

Those interested in securing bicolor plants should see the Soil Conservation personnel within the next few days.

Hubert Barnes of the Brookhaven community has had 2 years of experience working parallel terraces on his farm. He made this statement recently, "I like my parallel terraces just fine."

The old terraces were so steep and eroded that I could not work all of them. Now I
